## **How to Weather the Storms of Life!**

(Matthew 7:24-27)

1. Difficult circumstances (storms) come to the lives of both those who build their lives on the right foundation and those who do not.
2. If my life falls apart during a difficult circumstance (storm), my poor foundation is responsible and not the storm.
3. Jesus promised if I will build my life upon the truth of His Word, my life can remain steady and strong regardless of what life throws at me.
