How To Have A Life You Can Live With Series, Part 2
Will Mackey – October 31, 2010

How Life Was Designed To Be Lived!
(Psalm 23)

A Life of Quality and Simplicity:

1. A life of quality and simplicity starts with the awareness that I have a soul. (3)

2. A life of quality and simplicity continues when I realize that only the Lord can restore my soul. (3)

What Can We Do?

- Make sure your relationship with Christ is right/current.
- Declare war on the hurried pace of your life...again!
- Ask the Lord to begin leading you on the path of soul restoration.
- Take another step. Say "no" *again* to one item of busyness this week and say "yes" to one of God's values (love, community, rest) in its place.
